

A PLACE WHERE YOU CAN EXPERIENCE THE WILD NEW GENERATION ZOOS

New generation zoos, wild life parks and safari parks, unlike regular zoos, gather visitors with the exhibited living creatures without any iron bars only some glass and acrylic panels between them. Living spaces of the living creatures are spacious. All the decorations used and the landscaping are planned like work of art in a visual integrity by taking the needs of the living creatures into account. These transparent surfaces with special security have no danger at all. All the animal shelters are planned meticulously in accordance with the features and dimensions appropriate for their natural environments. Natural life parks promising different experiences in tunnels and corridors in and around special and spacious concept areas such as African Savannah, Canyons in the United States, Egyptian Desert continue to replace the zoos with iron bars worldwide.

THE MOST POISONOUS, INTERESTING AND COLORFUL CREATURES TROPICAL REPTILE HOUSES

The world's most poisonous, colorful, exotic and remained hidden species are exhibited in these special complexes which are designed in accordance with the natural elements of the natural habitats of these creatures. There is an opportunity to see many living creatures in the same place, from poisonous snakes to amphibians living both on the land and in the water, from scorpions and spiders to other reptiles and unusual kinds.

This special system equipped with extra security measures may be specialized and adapted depending on the different environments and sizes of the shopping malls and the public zoos. Maintenance of the facility and the living creatures, if requested, may be provided by the Ocean Aquarium's specialized teams.

What is Wild Park?

WildPark is a thematic wildlife view themed attraction, entertainment, discovery center and brand designed as outdoor or indoor spaces, where interesting creatures are exhibited.

In WildPark; many different creatures from exotic creatures, which may be in tropical rainforests, to giant snakes, from small mammals to dangerous and poisonous species, from crocodiles to colorful birds may be exhibited.

When physical conditions of the project area are appropriate, WildPark may be enhanced also with thematic aquariums, large aquarium tanks, aquarium tunnels and paludariums.

WildPark; can be easily integrated into many projects such as zoos with expansion areas, from open and closed attraction centers to shopping centers and thematic parks.

WildPark provides all detailed services such as care of creatures exhibited with interesting trip stories, special sound and light effects, thematic decorations, designs suitable for habitats of creatures and appropriate life support systems required special information and experience as a whole.

All details from ticket office software to accounting integration, from souvenir photo operation to souvenir collection, from brand communication to creature care protocols and business plans are provided with Polin Safari Parks guarantee.
